

Program Review External Committee Nomination Form

Please use this form to compile a list of at least **five** nominees for external reviewers. The department Associate Vice President, Associate Vice President for Strategy, Impact and Academic Partnerships and Senior Vice President for Student Life will approve the final list of reviewers, with the goal of recruiting three reviewers total per program review. Departments are required to select at least one Associate Vice President (or individual with a similar title or scope of responsibility) with extensive experience outside of the department's immediate functional area. At least one reviewer should be a current employee of a Big 10 institution or at a similar, benchmark institution. The same nominee may fulfill both roles (i.e., AVP and benchmark institution). Departments are encouraged to nominate reviewers from a variety of institutional types and professional backgrounds.
